

# Joey's Song (Kid 606 Club Remix)

## Xiu Xiu

Joey joey  
You have never let anyone down  
I am sorry that  
This is happening to you  
Oh what is the point  
Of this collapse  
You are not crying  
I know you are only sweating tooJoey's song in everything  
Bitterness and jealousy  
As long as you know i am waiting  
Fever crams the skin of joey's song  
La la la la  
As long you know i am waiting  
Passing out in the joy  
Of joey's songSlayer moon  
Grief is not new, love even less so  
I am sorry that this is happening to you  
Oh what is the point  
Embrace the boy  
You are my brother  
Snow will cover your path tooMary mary  
Listen listen listen listen listen  
I am sorry that this is happening to you  
So the light is goneNow it is the end  
I am your brother  
The snow will cover  
My path tooJoey's song in everything  
Bitterness and jealousy  
As long as you know i am waiting  
Fever crams the skin of joey's song  
La la la la  
As long you know i am waiting  
Ignorant of the joy (indifferent of joy)  
Of joey's song
