

This Christmas

En Vogue

This is for this Christmas
This is for next Christmas
This is for all the other Christmases there will be
This is for this Christmas
This is for next Christmas
This is for all the other Christmases there will be
I'd like to make a toast
To my family
For the love they've given me
Throughout the years, yeah yeah
I'd like to make a toast
For all my close friends
I wish you all many, many blessings
Throughout the years
This is for you
This is for this Christmas (And you and you too)
This is for next Christmas
This is for all the other Christmases there will be
I wish you many, many more
This is for this Christmas (Yeah)
This is for next Christmas
This is for all the other Christmases there will be
I'd like to make a toast
To the rest of the world
To the heros and caretakers
Who help us live, yeah yeah
I'd like to make a toast
To all the children
Who spread their love and innocence
Unconditionally
This is for you
This is for this Christmas (Oh, and you and you too)
This is for next Christmas
This is for all the other Christmases there will be
I'd like to make a toast
This is for this Christmas (Oh oh yeah)
This is for next Christmas
This is for all the other Christmases there will be
And I have to make a toast
To Christ the Lord
Who sacrificed his life
To save our souls
I'd also like to toast
To my God above
For the creation of this earth
And our universe
This is for you
This is for this Christmas (And you, and you, and you too)
This is for next Christmas
This is for all the other Christmases there will be
And many, many more, yeah
This is for this Christmas (This is
for you, yeah)
This is for next Christmas
This is for all the other Christmases there will be
Woo-oo
This is for this Christmas (Yeah for you)
This is for next Christmas (And you, and you, and you too)

This is for all the other Christmases there will be
This toast is for you
This is for this Christmas (And your family too)

This is for next Christmas

This is for all the other Christmases there will be
Ooo whooo
This is for this Christmas

This is for next Christmas

This is for all the other Christmases there will be
Wooo whoo
This is for this Christmas

This is for next Christmas

This is for all the other Christmases there will be
