On And On

Trixter

Since i was young boy,
I always knew what i wanted to be
I never had a doubt in my mind,
I just believed..
When they told me I was dreaming
I swore that i'd prove them wrong
I don't care what i've got to do
To sing my song...
Well I know it ain't no easy ride
Nothing in life you get for free
I know what you've got to do to succeed
On and on, we wait so long
For the time that we can fly
Up so high to sing our song
On and on, it's the chance we take
To see our name in lights
It's a risk we'll have to make.
By now you've learned a thing or two
About the way life treats our soul.
It's unfair, but it's so real
So you gotta stand tall
Just when you think you got it down
And you're ready to sign that line
Well let me tell you, you still got a fare
And you need more time
On and on, it's all a game
On and on, and there's no one to blame
It's a fight and you'll get knocked down
But like a champ you gotta get back up
Cause you know that you're only chance comes once...
On and on we wait so long
For the time that we can fly
Up so high to sing our song
On and on, it's the chance we take
To see our name in lights
It's a risk we'll have to make.
We keep going on...
On and on and on and on...
