

# I Have Learned

## Barenaked Ladies

No, don't know everything, there's known unknowns  
Too long just wondering lazybones  
Spare me the parlor tricks that impress your fans  
Waving your candlesticks in your burned hands  
I have learned to live with living with  
Every choice we made  
But I would love to live with giving this  
Shaky voice some shade  
I don't think you're comfortable until you're not  
And when things get wonderful, you get hot  
Can you forgive me for what I had to do?  
I'd use a metaphor but I'm done with you  
I have learned to live with living with  
Every choice we made  
But I would love to live with giving this  
Shaky voice some shade  
Same sun, same fun  
Whole new world  
I have learned to live with living with  
Every choice we made  
I would love to live with giving this  
Shaky voice some shade  
I have learned to live with living with  
Every choice we made  
But I would love to live with giving this  
Shaky voice some shade
