

# Mask

## Pop Will Eat Itself

Smoking crack and gak attacks you had to try smack  
You seek a blowback to get your payback  
To jack is wack, it's like you wear a maskSmoking crack and gak attacks you had to try smack  
You seek a blowback to get your payback  
To jack is wack, it's like you wear a mask  
That's you, that is, loveGet your payback, get your blowback...Smoking, smoking, smoking  
You wear a maskGet your payback, get your blowback...You wear a mask...That's you, that is, love  
Look in the mirror, love  
That's you, that is, love  
You wear a maskSomebody's got to get the message through  
To have a word and put a sledgehammer through you  
Somebody's got to get the message through  
Someone, somehow, somedayThat's you, that is, love  
Look in the mirror, love  
That's you, that is, love  
You wear a maskThat's you, that is  
Look in the mirror  
That's you, that isGet your payback, get your blowback...
