

# I Melt

## Rascal Flatts

When you light those candles  
Up there on that mantle, setting the mood  
Well, I just lie there staring  
Silently preparing to love on you  
Well, I can feel the heat from across the room  
Ain't it wild what a little flame can make you wanna do

I melt every time you look at me that way  
It never fails, anytime, any place  
This burn in me is the coolest thing I've ever felt  
I melt

Don't know how you do it  
I love the way I lose it, every time  
What's even better  
Is knowing that forever you're all mine  
The closer you get, the more my body aches  
One little stare from you is all it takes

Every time you look at me that way  
I melt, I melt
