

54 Years

Drumfish

Looking back on 54 years
Its half the time to make a life
Less then half to disappear
You know what I know too
That I wait And life
Its fires consume me
It relentlessly wounds me
And leaves just this waste behind
Fleeting echoes stirring in my mind (Chorus) You can believe me when I tell you
There can be no other way
I have lived here always bound by
A sense that I have no place in this world I live ashamed
For these 54 years Time
Be it as it may
An imaginary notion
An illusion I pray
