

# Candyman (feat. Twista)

Pitbull

That is of course  
If you want some of this Candyman  
Just stand in front of the mirror  
Say "Candyman" three timesBaby, just call me  
(Candyman)  
You know they call me  
(Candyman)That's right they call me  
(Candyman)  
Every city, every state, every countryMami I'm known as  
(Candyman)  
Baby just call me  
(Candyman)When ya want some of this  
(Candyman)  
Say name in the mirror  
Three times baby, just call meI don't think that you're ready for the bang bang  
When I bump in the guts  
I be tearin' it up doin' my thang thangHey, hey, hey little mama  
I'd love to see that ass  
In Victoria's Secret pajamasYes, yes, yes  
I'm a freak freak that eats  
Eats pussy like Jeffrey DahmerAy mi madre, gimme a night  
And I promise I'll change ya life  
But remember, baby girl that you're not my wifeOther then that I don't give a fuck  
Let's keep in touchBaby, just call me  
(Candyman)  
You know they call me  
(Candyman)That's right they call me  
(Candyman)  
Every city, every state, every countryMami I'm known as  
(Candyman)  
Baby just call me  
(Candyman)When ya want some of this  
(Candyman)  
Say name in the mirror  
Three times baby, just call me
