## Choke

## **Grinspoon**

Just because you choked on it, it doesn't mean

That you have to go I can't receive SMS

And I just wanted you to know
I smoked a lot of cigarettesBut did that stop us from being friends?

Could of guessed that your lies on it

But did we get there I hope

We got there in the endYesterday we cruised on automatic

Tall grass is ready to roll

Where were you when it got all dramatic?

Hiding away in your holePretty please don't cry on me

Because I don't think I got the strength

If I could've cried outside in the rain

But did we get there? I know we got there in the endYesterday we cruised on automatic

Tall grass is ready to roll

Where were you when it got all dramatic?

Hiding away in your holeMaybe on another Sunday, pick another time

And we fight looking over your shoulder

Maybe on another Sunday, pick another fight

And no one is right now your feelings are goneJust because you're soaked in it

Does that mean that you have to go?

I smoke all of your cigarettes

But it meant nothing, it meant nothing in the endYesterday we cruised on automatic

Tall grass is ready to roll

Where were you when it got all dramatic?

Hiding away in your hole
