Throwback Love

Throwback Love ~ Kimie Miner

They donâ€™t make â€˜em like they used to
With all these filters
Itâ€™s getting hard to see through
They pick and choose
Whatâ€™s a girl to do?
Nothing clicked until I found you
Letâ€™s reminisce about the way quarters in your pocket
would make the music play
Come dance with me
Whatâ€™s a girl to say to make you want to get away?

You could be my Ricky
I swear Iâ€™d love you like Lucy
We could have a good time
Letâ€™s press rewind
Back to a simple life

Take me back, just for the night
Back to a time Iâ€™m dreaming of
Make my world go black and white
I want that throwback kind of love
Throwback, throwback love
MMM I want that
Throwback, throwback love
Baby I need that
Throwback, throwback love
Gotta, gotta have it
Throwback, throwback love

Everything they do magnified
In this technical rworld thereâ€™s nowhere to hide
But still I try and to my surprise somethingâ€™s right
when youâ€™re by my side

You remind me of James Dean
You light another cigarette and roll up your sleeves
You make everything feel like the silver screens

Escape this world and come with me

You could be my Johnny
Like June, Iâ€™d write you a melody
We could have a good time
Letâ€™s press rewind
Back to a simple life

Take me back, just for the night
Back to a time Iâ€™m dreaming of
Make my world go black and white
I want that throwback kind of love
Throwback, throwback love
I want that
Throwback, throwback love
Can you give me that
Throwback, throwback love
Ooh I need that sweet love
Throwback, throwback love
MMM HMM

Letâ€™s go for a ride
Itâ€™s only you and I
Holding on so tight
Letâ€™s go back in time
If only for tonight
Cut it feels so right

Take me back, for the night
Back to a time Iâ€™m dreaming of
Make my world go black and white
I want that throwback kind of love
I want that throwback, throwback love
OOOOOOH
Throwback, throwback love
So gimme that sweet love
Throwback, throwback love
OOOH I want that
Throwback, throwback love
