

God Is Love

Color Me Badd

Well I'm a east coast walkin'
travelin', a talkin'
With a priority message today
Don't let your blind faith
Leave ya'
Tomorrow may need ya'
Just come on won't ya'
Sing it with me

Chorus

Oh, can you feel the power
Within your soul
Ya' got it
Got it, got
Can ya' feel the power, yeah
Can you feel the power
Within your soul

Chorus

Love is God
God is love
Love is God
God is Love

Well I'm a east coast, west coast
It don't matter to me
We've been to both sides
And everything in between
Oklahoma City born
With many places to go
We got a lotta' things to say
So many seeds to sow

Chorus

Come on and say I
Say I know
Say I know
We can work it out
Say we
Say we know
Say we know
You can work it out

Our love is starin'a revolution
My love is startin' a revolution
Your love is startin' a revolution
Out love is startin' a revolution
Our love is startin' a revolution
Our love is startin' a revolution

Ah you got, got
To live

Our love is startin' a revolution
Your love is startin' a revolution
Out love is startin' a revolution
Our love is startin' a revolution

Got it

Can you feel the power now
Can you feel the power
Within your soul

Love is God

God is love

Love is God

God is love

Chorus
