

This Is The End

The Maine

I'm taking, taking all of my time
I'm dodging words but she's saying the right lines
She made me, made me oh so crazy
But this time I feel like I'm doing something right
It makes me sick to think about everything you put me through
And how you left without saying goodbye
And if it's really over now then you can walk away
And it would be the last time
This is the end of you and me
Everything I used to be
Back then it meant something
But you're living a lie
You just can't hide from me
You had me hangin' on your last word
And now I'm feeling a little less than trusting
You had me wishin' we were somethin'
But left me here with a whole lot of nothing now
This is the end of you and me
Everything I used to be
Back then it meant something
'Cause you're living a lie
You just can't hide from me
"Love is a luxury", she said
"Rather be in love than dead"
But not with her, oh God not with her
She's the type of girl who makes love hers
She's taking, taking, all of my time
I'm dodging words but she's saying the right lines
You make me, make me oh so crazy
But this time I feel like I got it right
This is the end of you and me
Everything I use to be
Back then it meant something
'Cause you're living a lie
You just can't hide from me
Oh, this is the end of you and me
Everything I used to be
Back then it meant something
'Cause you're living a lie

You just can't hide from me
