

# The Damaged

## The Phoenix Within

The Damaged  
By: Omar Feliciano

Verse 1:  
Here it is this is it now  
Just like I promised  
Cook it up we can share it  
Just like we practiced

Pre-chorus:  
Pick a vein, break my skin, let it in, I feel disgusting  
Try to breath, bit your lip get a grip  
Iâ€™m so far up Iâ€™m so far up.

Chorus:  
We are the broken  
A waste of a good thing  
Angels without wings fall apart  
We are the lost ones  
Searching for something we will never find

Verse 2:  
Shake it off, walk it off now  
Just a boy with a tantrum  
Biting nails, pulling hairs out  
Just a guy with a problem
