

# Strokin'

ytmnd

Say my name out loud  
And the pussy deep, you talk to me!  
Looking at me like that, you did it all  
Don't talk to me!  
I'm not home like sixteen months  
And the a way that you call, I could never' take it off  
Kissing in the car,  
While in the park garage you go slipping off your bra  
Oh, oh, damn you ' lifting up the skirts, lick your panties out, oh, oh  
Hands all over your body!  
Licking all and all, no feelings involved  
Watching all the' took more time at all, pussy  
What? we do won't hurt nobody!Hook:  
Looks like I've seen you in my dreams, or in a magazine  
People asking who are we (when we roll around)  
The things are not how they may seem  
Won't you like the old me  
Skip to this bear room scene  
And it's going down!  
Strokin in slow motion  
Strokin in slow motion  
Strokin in slow motion  
Strokin in slow motionSo gang, stop me putting our hands all the way behind the back  
I'll be dead when I'll be down, should be dick, dick  
Fall off in the club, niggas say, 'what up?'  
No walk around, but you're a bad bitch,  
I see you looking, wrong pussy, fuck, talk about it!  
Leave with me, get fucked off  
That gangsta shit, I'm all about it  
On the floor, need a bad maid up.  
Real street, nigga, none of that made up  
Lay you on your back with both legs up  
Eat the dick with a lot of spit  
Sister now, we can try again  
Lot of 'see a lot of'  
Hands together, my Harlem back  
Put the head in, not throwing back.  
Arch you all the way to the ceiling  
Get you pull the liquor while you make it clap

Uh, nasty! A lot of' get at me!  
Face underneath your waist  
All my fingers scratching your scalp  
You keep' on my couch  
You left nipple all in my mouth!  
Ask them hoes about me, I kill pussy  
I know you know what's that about!Hook:  
Looks like I've seen you in my dreams, or in a magazine  
People asking who are we (when we roll around)  
The things are not how they may seem  
Won't you like the old me  
Skip to this bear room scene  
And it's going down!  
Strokin in slow motion  
Strokin in slow motion  
Strokin in slow motion  
Strokin in slow motionI turn around  
.. cause we don't care to'  
After that, you could tell all your girlfriends  
I just stick you down!  
I'm kissing on your shoulders, and I make you bend over  
If' like I'm supposed to  
I'm strokin in slow motion  
I'm stroking, oh no!
