## Sailor

## **Iamx**

In our cell you ask me Do I wanna be a sailor In our cell you ask me Do I wanna be a sailor I think dirt, a suicide jump To run a self check Oh my girl, do you only like the younger Or the brain dead? Three way, freeway, take me like a sailor Three way, freeway, wanna be a sailor? A quick step, boy, girl, love me like you love her A knee-jerk, slow work, wanna be a sailor? In our cell you ask me Do I wanna be a sailor In our cell you ask me Do I wanna be a sailor A child like a lipstick fight Before the nose dive My princess, do you only like the easy And the snow blind? Three way, freeway, take me like a sailor Three way, freeway, wanna be a sailor? A quick step, boy girl, love me like you love her A knee-jerk, slow work, wanna be a sailor? It's the fever, I wanna be a sailor It's the fever, I wanna be the sailor, I wanna be the sailor The fever, I wanna be a sailor It's the fever, I wanna be the sailor, I wanna be the sailor Three way, freeway, take me like a sailor Three way, freeway, wanna be a sailor? A quick step, boy, girl, love me like you love her A knee-jerk, slow work, wanna be a sailor
