

# Butterfly

Jason Mraz

I'm taking a moment just imagining that I'm dancing with you  
I'm your pole and all you're wearing is your shoes  
You got soul, you know what to do to turn me on  
Until I write a song about you And you have your own engaging style  
And you've got the knack to vivify  
And you make my slacks a little tight  
You may unfasten them if you like  
That's if you crash and spend the night But you don't fold, you don't fade  
You got everything you need, especially me  
Sister, you've got it all You make the call to make my day  
In your message say my name  
Your talk is all the talk  
Sister, you've got it all  
You got it all Curl your upper lip up and let me look around  
Ride your tongue along your bottom lip then bite down  
And bend your back and ask those hips if I can touch  
'Cause they're the perfect jumping off point  
Getting closer to your butterfly Will you float on by?  
Oh, kiss me with your eyelashes tonight  
Or Eskimo your nose real close to mine  
And let's mood the lights and finally make it right But you don't fold, you don't fade  
You got everything you need, especially me  
Sister, you've got it all You make the call to make my day  
In your message say my name  
Your talk is all the talk  
Sister, you've got it all You got it all, you got it all, you got it all  
You got it all, you got it all, you got it all  
You got it all, woo, hey baby, uh  
You've got it all Doll, I need to see you pull your knee socks up  
Let me feel you upside down, slide in, slide out  
Slide over here, climb into my mouth now child Butterfly well you landed on my mind  
Damn right you landed on my ear and then you crawled inside  
And now I see you perfectly behind closed eyes  
I want to fly with you and I don't want to lie to you 'Cause I, 'cause I can't recall a better day  
So I'm coming to shine on the occasion  
You're an open-minded lady, you've got it all And I never forget a face  
Except for maybe my own, I have my days  
And let's face the fact here  
It's you who's got it all You know that fortune favors the brave

Well let me get paid while I make your breakfast  
The rest is up to you, you make the call You make the call to make my day  
In your message say my name  
Your talk is all the talk  
Sister, you've got it all I can't recall a better day  
So Im coming to shine on the occasion  
Hey sophisticated lady, oh you got it all You got it all, you got it all  
You got it all, you got it all, you got it all  
You got it all, you got it all, you got it all  
You got it all! Hey! You got it all, woo! You got it all,  
You got it all,  
You got it all, Butterfly, Butterfly, baby, UH OH well you got it all
