Changes

Profyle

Tried ta treat chu right
But it seems your never satisfied
I tried to give you my all
But it seems no matter what i could not give enough
All you do is complain
All the time and its drivin me insane
You jus gotta clown
Turn the things all around what is this about...Chours:
I could be nice girl
Just wanna treat you right girl
But all we do is fight girl
Why you takin me through all these changes
Thought chu was the one girl
But chu tried to front girl
Look at what chu done girl
Why do we go through all these changesI could not begin to comprehend on whats goin on inside your head
Girl you out of your mind
Accusin me all the time of messin around on you on the side
You need to chill would you please
Get over you insecuritys
Girl its bugging me
Don't know what chu thinkin bout
Can you help me out?Tried ta be nice girl
Jus wanna treat chu right girl
But all we do is fight girl
Why you takin me through all these changes
Thought you was the one girl
But chu tried to front girl
Look at what chu done girl
Why do we go through all these changesI wanna know whats goin on with you
Whats wrong?
Tell me whats the deal whats up
Cause I think I have justified love
I know I could do
I know that i've been good to you
But it seems you don't appreciate me
I can't go without chu
Cause it ain't no use
You got me so confused

I really thought I knew youRepeat til end:
Tried ta be nice girl
Jus wanna treat chu right girl
But all we do is fight girl
Why you takin me through all these changes
Thought you was the one girl
But chu tried to front girl
Look at what chu done girl
Why do we go through all these changes
