Someday

Buffy

You were my life
My only desire
I would die for you
I would go through the fire
Nothing would hurt you
You have to believe me
As long as i'm here
They'll have to go through me
I couldn't save you
You're slipping out of my life
Well he's come to take you
Baby, it wasn't your timeChorus:
Someday, i'll be with you
I know one day
I'll get to hold you again
Someday, i'll be with you
I know one day
I can't wait to be with you againI can't forget you
So sweet and so kind
Baby can you hear me
Just give me a sign
I'll cherish all those memories we've had
When I think about them
I won't be so sad
I couldn't save you
You're slipping out of my life
Well he's come to take you
Baby, it wasn't your timeChorusEvery time I think about you
It makes me feel so good
And I know someday i'll be with you
I promise i'll be goodChorus
