

# Gimmie Love

## K'la

(Intro)

Verse 1:

If I aint the baddest bitch rappin', then nigga find another  
I got other mothafuckers doin' covers on my covers  
I got niggas cryin' and dyin' to lye inside my covers  
They watchin' mothafuckas whether we be friends or lovers  
No other woman you know can make you hate em' and still want em'  
Keep niggas runnin' to me like a public pool in summer  
Bitches got so much to say but I wonder why they stutter  
'Cause every word I tell them smoothly slowly meltin' butter  
I hear the rumors they utter and I pay it no mind  
Niggas livin' in the gutter so I stay with no shine  
What the fuck I look like stuntin' while my niggas still grind  
'Cause a bitch went from nothin' to somethin' in no time  
No grind, no hustle, no work, no nothin'  
I keep saying that I'm blessed, they keep tellin' me I'm lucky  
All these bitches wanna kill me, all they niggas want to fuck me  
But all I ever wanted was for somebody to love me

Chorus:

Gimmie Love Gimmie Love  
Gimmie Gimmie Gimmie Love  
Gimmie Love Gimmie Love  
Gimmie Gimmie Gimmie Love  
Gimmie Love Gimmie Love  
Gimmie Gimmie Gimmie Love  
Gimmie Love Gimmie Love  
Gimmie Gimmie Gimmie Love

Verse 2:

Give me all that you can give me and then give me some mo'  
Give me quarters of your Kush, give me bottles of the Mo  
Give me quality to push, give me somethin' I can grow  
How I'm supposed to reach the top, if I'm startin' from below  
Yeah I used to play the fool but I'm startin' to know

I gotta a lot of hate around me and it's startin' to show  
Bitches been turnin' salty since I started to blow  
But it's probably just 'cause I'm the only star that they know  
Sometimes it's hard to let go of the part that you know  
But I'm the type to keep on going like it's part of the show

And when I?mmm in the building they be guardin? the door  
When I?mmm in the spot, it?s a party you know  
That?s why I?m part of the show and this is only the first season  
And the cheatem? Niggas greasy, trust the fires you can see em?  
Some people last forever, others for a season  
And even when they don?t show love I don?t turn my back and leave em?

Chorus :

Gimmie Love Gimmie Love  
Gimmie Gimmie Gimmie Love  
Gimmie Love Gimmie Love  
Gimmie Gimmie Gimmie Love  
Gimmie Love Gimmie Love  
Gimmie Gimmie Gimmie Love  
Gimmie Love Gimmie Love  
Gimmie Gimmie Gimmie Love

K?LA:

Look, I aint askin? for much man  
Just askin? that, if you feel me, when you hear me, when you see me,  
(Ha-ha) Gimmie Love
