

# Perfect Shelter

## Gov't Mule

One, two, three  
Serene, what a dream  
A pillow to rest your weary bones  
Recharge, redefine  
Time to repaint the lines  
Change your world, it's time  
Life's around the corner  
Death's grip is far behind  
Life can be sweet  
Wounds can start to heal  
Stay and be destroyed  
Move and be renewed  
Grow or wither  
It's all up to you  
None of us has built a perfect shelter  
Don't christen me  
With your condescending laughter  
Don't, don't, don't  
Don't put me in a box  
Don't forget I once knew  
A few things about you too  
I think you'll see  
Life can be quite the paradox  
Stay and be destroyed  
Move and be renewed  
Grow or wither  
It's all up to you  
None of us has built a perfect shelter  
None of us has built a perfect shelter  
Stay and be destroyed  
Move and be renewed  
Grow or wither  
It's all up to you  
None of us has built a perfect shelter  
None of us has built a perfect shelter  
None of us has built a perfect shelter  
None of us has built a perfect shelter
