

# Sex and Love

## Faber Drive

Pumpin on my sleeve  
Heart that barely beats stallin'  
uh oh  
floating facing down  
sea of broken vows  
drownin'  
uh oh

Bridge:

Blow after blow and I'm starting to see why  
better alone than be bruised by your dark side  
Down to the bone your the knife that'll cut right through

Chorus:

Sex and love dont feel the way I do X2  
from you

Verse 2:

Slowly for affect  
morning make-out sex is hallow  
uh oh  
burnin' to the ground  
House that used to stand so solid

uhoh

(Bridge)

(Chorus)

(Bridge)

(Chorus X3)
