Like I Do

The Misunderstood

no one knows
no one sees the fear inside
and no one prays
no one feels the pain you hide
and no one hurts
no one tastes the tears you cry
cause no one cares
no one heard you say goodbye
cause i have been waiting for the day
when you'll see i'm right by your side
cause you know i will not be denied
i see it
i hear it
i taste it

and i feel it
you're not alone there's someone
who feels just like you feel
i know your heart aches
and the pain you're going through
cause nobody knows you like i do
you don't know
you don't see the things i see
and you don't care
the pain you feel is killing me
cause i have been waiting for the day
when you'll see i'm right by your side
cause you know i will not be denied
cause nobody loves you like i do
