## Woohoo

## **Newsboys**

Request the honor of your presence

The tear gas has blown away

Put down your crumpets and your coffee now

So unfashionably lateLittle brother, little sister

Underwater we go

Out of our ordinary selves

Stepping out to where the people sing(Woohoo)

And the people sing

(Woohoo)

And the times are good

(Woohoo)

And the people sing

(Woohoo)

And the times are goodYou say I'm acting like a beggar

I call it killing the fool

You carry more baggage than a momma's boy

On your first day of school, sayLittle brother, little sister

Underwater we go

Out of our ordinary selves

Stepping out to where the people sing(Woohoo)

And the people sing

(Woohoo)

And the times are good

(Woohoo)

And the people sing

(Woohoo)

And the times are goodLet go of the light of the TV

Drop the hands

The chains that bind me

Turn it all around

Stop, lift you up 'n die to self

In a time when the left and the right's the same

When it's all blurred vision in a crazy haze

Send out the invitations(Woohoo)

And the people sing

(Woohoo)

And the times are good

(Woohoo)

And the people sing

(Woohoo)You say I'm acting like a beggar
I call it killing the fool
To save your life you gotta lose it
So the people sing(Woohoo)
I call it killing the fool
And the people sing
(Woohoo)
(To save your life you gotta lose it)
And the times are good
(Woohoo)
So the people sing
(Woohoo)
