

Twist My Sister

Murderdolls

Old Macdonald had a farm
Ee I ee I, oh my God
Thou shalt not take any more shit
And I'll split my sister in her motherfucking lip
I'll grab her by the hair
And swing her in the air
Twist my, twist my, twist my sister
Twist my, twist my, twist my sister
Twist my, twist my, twist my sister
Twist my, twist my, twist my sister
Jimmy crack corn and I don't give a fuck
I'll take a butcher knife and ram it in her fucking gut
I'll do a chicken dance over her dead body
This is gonna hurt you more than me
I'll grab her by the hair
And swing her in the air

Twist my, twist my, twist my sister
Twist my, twist my, twist my sister
Twist my, twist my, twist my sister
Twist my, twist my, twist my sister
I'll grab her by the hair
And swing her in the air
Twist my, twist my, twist my sister
Twist my, twist my, twist my sister
Twist my, twist my, twist my sister
Twist my, twist my, twist my sister
Twist my, twist my, twist my sister
Twist my, twist my, twist my sister
Twist my, twist my, twist my sister
Twist my, twist my, twist my sister
Twist my, twist my, twist my sister
Ohh fuck
