

Globe Trotter (feat. Alexia)

Vijay & Sofia Zlatko

Im that kind of Girl, lying in the grass, To hear the earths breath.
I go on my own, now listen for all of you there is.

And my heart beat the same way and you hear them all the way.

Im a globe trotter, I Travel the world to forget the pain. Hey, like all this, I wanna dance nights away.

Feeling as free as eagles. finding a new place a new home.
I am the happiest when all the colorful winds are mocking/markng my soul.

Im a globe trotter, I Travel the world to forget the pain. Yay. like all this, I wanna dance nights away. Hey.

Im a globe trotter, I Travel the world to forget the pain. Ey! like all this, i wanna dance nights away.

Burning under the rain, turning, running round beneath the stars.
Im just selling the way to feel a love with no more scars.
You canâ€™t make me stay, oh no. You canâ€™t make me stay, oh no. You canâ€™t make me stay, oh noooo

Im a globe trotter, Travel the world to forget the break of day, bye all this.
I wanna dance the nights away. Ey.

Im a globe trotter
Im a globe trotter
Im a globe trotter

Im a globe trotter
Im a globe trotter
