Playboy

Wynn Stewart

They call me a playboy
As I'm makin' my rounds
Chasing the bright lights
Of each night spot in townThough I never show it
My heart's breaking in two
They call me a playboy
But I'm just lonesome for youI once had a real love
That was when I had you
But I'll never feel love
With somebody newThis false front I'm wearing
Is just to cover my blues
They call me a playboy
But I'm just lonesome for you
