I Wanna Know Your Name

2Gether

C'mon, c'mon, c'mon
C'mon, c'mon, c'mon
I wanna know your nameI never knew that love could put a spell on me
Then you walked into the room, yeah, oh
What to do? Should I let my package show
Or should I try and play it cool?I've been foolin', I've been playin'
For so long, my heart's been waitin'
Finally love someone like you, oh
Now my heart's anticipatin'
All the love we could be makin'
I gotta get this message through(C'mon, c'mon, c'mon)
I wanna know your name
(I wanna know your name)
I wanna know everything about you
Driving me insane
I wanna know your nameHow can I let you know?
(How can I let you know?)
I wanna get right next to you
Checkin' the way you flow
I wanna know your nameTell me now, where have you been all my life?
Are you real or just a dream?
You know, I'm down
Anything you want to do
So won't you come and go with me?I can't take it, please don't fake it
Here's my heart, now don't you break it
'Cause you know I'm all about you
I am itchin', can't deny it
There's no creams out there, can't fight it
What can I say? What can I do?(C'mon, c'mon, c'mon)
I wanna know your name
I wanna know everything about you
(Oh, baby)
Driving me insane
(Driving me insane)
I wanna know your nameHow can I let you know?
(How can I let?)
I wanna get right next to you
(To you)
Checkin' the way you flow

(Checkin' the way you flow)
I wanna know your nameI want you, I need you
I really like to please you
You got it, I need it
It's time that you believe itYou lookin' so fine tonight, baby
I just wanna drive you around in my Viper, yeah
We gonna speed through town, the top down
Your legs straddling the seat, oh manWhat's your name, what's your name, what's your name?
I wanna know your name
What's your name, what's your name?
What's your name, what's your name?I wanna know your name
(I wanna know)
I wanna know everything about you
Driving me insane
(Driving me)
I wanna know your nameHow can I let you know?
(How can I let you know?)
(Can I let you know?)
I wanna get right next to you
Checkin' the way you flow
(Checkin' the way you)
I wanna know your nameI wanna know your name
(I wanna know)
I wanna know everything about you
Driving me insane
(Driving me)
I wanna know your nameHow can I let you know?
(How can I let?)
I wanna get right next to you
Checkin' the way you flow
I wanna know your nameWhat's your name, what's your name?
What's your name, what's your name?
