# I'm Alright

## Owsley

I don't care what you say
Nothing's gonna change me anyway
I don't care what you say
About meLook inside, what you see
Ain't the kind of man I wanna be
Look inside and what you see
Is not meI'm alright
You won't break me
I'm not a slave
To conventional waysI'm alright
You can't shake me
Time left a mark here
That you can't erasePeople come, people go
Is it sincere or just a show?
People come and people go
You don't knowI'm alright
You won't break me
I'm not a slave
To conventional waysI'm alright
You can't shake me
Time left a mark here
That you can't eraseI don't care what you say
Nothing's gonna change me anyway
I don't care what you say
About meI'm alright
You won't break me
I'm not a slave
To conventional waysI'm alright
You can't shake me
Time left a mark here
That you can't eraseI'm alright, I'm alright
Time left a mark here
That you won't erase
