

Thirsty

Mariah Carey

You know, you know you're thirsty
You thirsty
Oh, you're thirsty
Oh, you're thirsty
Oh, you're thirsty
Oh, you're thirsty You send the bright lights
Even change your name
Say you're my boss now
Ain't nothing out your range
Well, almost anything You used to be Mister all about we
Now you just thirsty for celebrity
Best thing that happened to your best was me
Pull down them Tom Fords, and act like you see You thirsty for a dream
Leaving me drowning
Boy there ain't no SOS
Filled with discontent
Finding you can't quit
Why you try so damn hard? Oh, you're thirsty
Oh, you're thirsty
Oh, you're thirsty Oh, you're thirsty
Oh, you're thirsty
Oh, you're thirsty Oh, you're thirsty
Oh, you're thirsty That Bel-Air wood sign calling you again
So you stunting on your Instagram
But that shh ain't everything
You used to be Mr. All about we
Now you're just thirsty for celebrity
Best thing to happen to your best was me
Pull down them Tom Fords, and act like you see You thirsty for a dream, leaving me drowning
Boy there ain't no SOS
Filled with discontent
Finding you can't quit
Why've you try to so damn hard? Oh, you're thirsty
Oh, you're thirsty
Oh, you're thirsty Oh, you're thirsty
Oh, you're thirsty
Oh, you're thirsty Oh, you're thirsty
Oh, you're thirsty Boss now, you're trying to be a boss now
Thinking you a boss now

Boy you just looking thirsty (and now)
Boss now, you're trying to be a boss now
Thinking you a chief now
Boy you're just fucking thirsty now Oh, you're thirsty
You're living life and fancy cars (Oh, you're thirsty)
Like stars, don't know who you are (Oh, you're thirsty)
Happy happy, want more for you to see (Oh, you're thirsty)
I found a club that add me constantly (Oh, you're thirsty)
Can't get the real me oh 'cause boy you're thirsty, yeah (Oh, you're thirsty)
