

The More I See

Metallica

From where I stand, I see
Pain, suffering and misery, yeah
The more I see, the more I see
 The less, the less I believe
 From where I stand, I see
 Hate, violence and war, oh
The more I see, the more I see, ooh
 The less, the less I believe
The more I see, the more I see, aah
The less, the less I believe, I believe

From where I stand, I see
Pain, suffering and misery, yeah
The more I see, the more I see, no
 The less, the less I believe
 The more I see, the more I see
The more I see, yeah, the more I see, yeah
 The more I see, yeah
 The less, the less I believe
 Thank you
