

# Got Lucky Last Night

Lonnie Brooks

Pretend you're mean as a lion  
Wild like a tiger cat  
Made love to me so good last night  
I almost had a heart attackI got lucky last night  
I got lucky last night  
Played your little game and I got lucky last nightPretend you're mean and evil  
Stubborn like a Georgia mule  
Made love to me so good last night  
You had me on private schoolI got lucky last night  
I got lucky last night  
Played your little game and I got lucky last nightPretend you can be sweet  
Pretend you can be kind  
But when it come to lovin' girl  
You don't draw the lineI got lucky last night  
I got lucky last night  
Played your little game and I got lucky last nightI got lucky last night  
I got lucky last night  
I got lucky last night  
I got lucky last night  
Played a little game and I got lucky last nightI got lucky last night  
I got lucky last night, tryin' to get lucky tonight
