Darkness/Influence

Neuroticfish

You are the slaves of the modern ages
Raised to be patient and to agree
You're only able to turn the pages
But you have forgotten how to readYou are dancing to the sound of deception
A project that we have designed
You are dancing to the sound of deceptionYou are dancing awaiting solutions
Reflecting what we left behind
You are dancing to the sound of deceptionYou are deceived by modern ages
You throw away your dignity
You are a part of different stages
Simply fight by productivityYou are dancing to the sound of perfection
The moments that we have combined
You are dancing to the sound of perfectionYou are dancing to the sound of deception
And don't think that we have defined
You are dancing to the sound of deception
