

Killing of a Flashboy

Suede

All the white kids shuffle to the heavy metal stutter
And go shaking on the scene like killing machines
And they know that when she's stacked up top
She'll be a sucker for the shotgun show
Shaking obscene like killing machines here we go
It's the same all show, he's a killer he's a flashboy oh
He's a killer he's a killer he's a flashboy oh
Oh if you shake your fake tan thru aerosol land you'll know
That you'll suffer for your sex by the caravanettes oh no
And that shitter with the pot won't be putting it about no more
Or shaking obscene like a killing machine here we go
It's the same old show, he's a killer he's flashboy oh
He's a killer he's a flashboy oh...
..oh and Anthena loves your body
So think of the sea darling
Think of the sea as you murder me, murder me, murder me, murder me, murder me...
It's the same old show, he's a killer, he's a flashboy oh
This the killing of a flashboy oh.
