

# Honor Is Dead

## Wovenwar

Life and death are shaking hands  
And no regard for my futile plans  
I've liked the wounds and tasted red

And nothing ends me now that honor is deadAhhhhWhen life and death in every breath

I hope i choose the worth to sell as best  
And i've made my bed in a viper's den

Nothing can save me now that honor is deadI can't rely on this anymore

I can't rely on this anymoreI watched them wait for new surround me

I watchem them as they call us high  
Never saw the fools they hung before me

Never saw a warning sign

Life and death are shaking hands  
And no regard for my futile plans  
I've liked the wounds and tasted red

And nothing ends me now that honor is deadI can't rely on this anymore

I can't rely on this anymoreI watched them wait for new surround me

I watchem them as they call us high  
Never saw the fools they hung before me

Never saw a warning signI watched them wait for new surround me

I watchem them as they call us high  
Never saw the fools they hung before me

Never saw a warning signAnd my face is turning blue  
From up here i stop dispute

My neck is breaking from my own weight  
And I'm supposed to say: Fuck you!

I can't rely on this anymore

I can't rely on this anymoreI watched them wait for new surround me

I watchem them as they call us high

Never saw the fools they hung before me

Never saw a warning signLiked the wounds and tasted red

And nothing ends me now that honor is dead
