

Everything You Say Sounds Like Gospel

Matt Nathanson

I've got bravery that shorts out on me
I see superstars in common thieves
And I see all you give up
And I try to be as much
Everything you say
It sounds like gospel
Everything you say
It sounds like gospel to me
I feel cheated, tangled up repeatedly

Owed a piece of everything
And still you come around
With scissors to cut me down
Everything you say
It sounds like gospel
Everything you say
It sounds like gospel to me
It's all I can do to win for you
