A Life Beyond

Unleashed

A life beyond reality,
a must to reach the only way out
So distant to this rotten world
and I know - it isn't for me
I don't care of what they say,
I am myself and live my own way
Like rats they run in life's eternal wheel -
but they'll never get meHear the silent whispers, all the talking heads
and see all their fake smiles
Protected by a wall of laws they hide -
they dare not face me
Talking in circles to start confusion
(but empty words they fly through my mind)
With all their lies and prophecies they try -
but they'll never get me...They'll never get meWith staring eyes they follow me
(it seems to be the peak of their lives)
I hate you all, why can't you fuckin' see -
you cannot scare me
Like an image passin' by I see
it ends the day that I die
Until then I'll have powers left to fight -
they'll never get me...They'll never get meAll that's left to say... as I turn away
I hate you all... and I will 'til I fall!!!A life beyond reality,
a must to reach the only way out
So distant to this rotten world
and I know - it isn't for me
I don't care what they say,
I am myself and live my own way
Like rats they run in life's eternal wheel -
but they'll never get me...They'll never get me
