

make me weak

Alaine

[Chorus]
Baby you
Baby you
Baby you make me weak
Baby you
Baby you control my chemistry
Baby you
Baby you
Baby you make me weak
Baby you make me, make me, make me weak Weak, weak, weak in my knees
What what you do to me
This this this can't be real
I used to be so strong
Got got me mesmerized
Go go in out my mind
I'm I'm repeating lines
Repeating lines oh-oh-oh No one could do me like you
No one could move me like you
No one could ooo me like you
No one, no way oh-oh-oh
No one could know me like you
No one could show me like you
Show me the way true love should be
And baby Baby you
Baby you
Baby you make me weak
Baby you
Baby you control my chemistry
Baby you
Baby you
Baby you make me weak
Baby you make me, make me, make me weak Ooo ooo you turn me on
Can't can't can't wait for long
When when you come around
I have to have you now
Ok, ok I want you only
Love to kiss you
And show you how I missed you baby Baby you
Baby you

Baby you make me weak
Baby you
Baby you control my chemistry
Baby you
Baby you
Baby you make me weak
Baby you make me, make me, make me weak Weak weak losing sleep
You make me so
Weak weak baby keep loving me
Oh-oh-oh
Weak weak losing sleep
You make me so
Weak weak baby keep loving me
Oh-oh-oh Baby you
Baby you
Baby you make me weak
Baby you
Baby you control my chemistry
Baby you
Baby you
Baby you make me weak
Baby you make me, make me, make me weak Baby you
Baby you
Baby you make me weak
Baby you
Baby you control my chemistry
Baby you
Baby you
Baby you make me weak
Baby you make me, make me, make me weak
