

Don't Turn Your Back On Fear

The 69 Eyes

So you like the evil and the ghosts
Demon spirits more than most
Little Miss Spookiness
Loves to get scared to death
How could I ever forget
Halloween we met Don't turn your back my dear
Never turn your back on fear
Don't turn your back my dear
Never turn your back on fear
Never So you like the evil and the ghosts
Demon spirits more than most
Little Miss Spookiness
Always laughing at the death
How could I ever forget
Halloween we wed Don't turn your back my dear
Never turn your back on fear
Don't turn your back my dear
Never turn your back on fear
Never Am I not scary enough for you
Am I not scary enough for you Don't turn your back my dear
Never turn your back on fear
Don't turn your back my dear
Never turn your back on fear
Never
