Fire Is the End Lesson

Neurosis

Bring me
Bound to barren ground
My cracked skull
We bleed it all into the earth
I washed you out
The seasons we must bear
I bled you dryAnother eye
Reaping celestial fire
The deepest cut
with cave mouthed dogs
With nothing left
The entrails of the mother lie
I keep love
Hollow
Truth is a rising tide
This river runs dry
The mill grinds us down
With stones around our necksMy dissectors read
The ever angled cloth
A bringer empty
An empty bringer
I will not question
You in my mind
The wall is open
And man is blindThe fire is the end lesson
All returners bind me
I wake to the pain of all returners
While I descend those
Fall in and breathe
Walled in spirit
