Stay With me

New Found Land

Dont hang it out for everyone to see
I rather keep it locked without a key
I'll never know what might have been
If I wouldn't have let myself fall again

darling darling stay with me until the morning
until the birds start singing
and the rain stops
darling stay with me until the morning

you said you knew the way to my house
but we ended up on the other side of town
and when you said I could fall in love with you
it felt just right to ask you to ...

stay with me until the morning
until the birds start singing
and the rain stops
darling stay with me until the morning

go pick up your things when she is not at home
I will be waiting here by the door
but don't expect my arms to be open forever
you have to decide, make up your mind

but stay with me until the morning
until the birds start singing
and the rain stops
darling stay with me until the morning
please stay
