Stumble On

Richard Thompson

No easy way to say, it's over now
And I don't want to end it anyhow
We knew this time would come before too long
Love, how will I learn to stumble on?We stole a few short moments out of time
Just long enough for a little light to shine
Now the door swings closed, the dark has come
Love, how will I learn to stumble on?Stumble on
Stumble on
Stumble onYou taught me all the easy ways of love
You brought joy to my life and that's enough
I've learned how long the night is when you're gone
Love, how will I learn to stumble on?Stumble on
Stumble on
Stumble onNow the scene will slowly fade to black
Whatever else you do, love don't look back
You'll only see a man whose dream is gone
Love, how will I learn to stumble on?Stumble on
Stumble on
Stumble on
