

Morning Star

Common Children

Daylight fall on me
Daylight fall on me
Daylight fall on me I feel the morning coming on
I gotta make my way back home
I can feel the light shine
The stars are in my eyes again Daylight fall on me
Daylight fall on me In the aftermath of grace
I feel the light fall on my face
There's a lot on my mind
And the stars are in my eyes again Daylight fall on me
Daylight fall on me I feel the twilight falling down
Spinning me around
I can feel the daylight
And it's all I can see Daylight
