Cyclops

The Libertines

What you try to do to me?

It seems to come so naturally

How you annoy me

How you destroy meAnd everywhere I'm walking like a cyclone

But don't mind me

How's it fair, I'm a magnet for psychos

And pretty riddles keen on meYou can lightly sling

Into my open heavy loving heart

First touch and kissy, kissySlash back razor days

The boys not to behave

Oh, they're like hoodlumsSick of themselves

And sick of their slums

Give everybody a gun

And put it on the televisionThat's reality TV, I'd pay to see

Lobotomized celebrities if it's on free

Wanna be the lovers that ever gonna seeWow, money's the church

Fame is the steeple

Everyone on the telly indoctrinate the people

Now I say thoughWhat you try to do to me?

It seems to come so naturally

How you annoy me

How you destroy meAnd everywhere I'm walking like a cyclone

But don't mind me

[Incomprehensible] and chased by a cyclops

[Incomprehensible] no ships I seeI owe more than I know to faces

Who never show the places among the hood

It's understood and obvious tomorrow

Free bags full of sorrow

First touch and kissy, kissySlash back razor days

The boys not to behave Everywhere I'm walking like a cyclone

But don't mind me

It's not fair, I'm a magnet for psychos

And pretty little riddles keen on meYou can lightly sling

Into my open heavy loving heart

First touch and here you areWhere they put the cyclops

That's where they put the cyclops

That's where they put the cyclopsWhat you tryna do to me?

What you tryna do to me?

You make me happy
