

Captain Nemo

[Sarah Brightman](#)

Under the surface so crystal clear
Everyone was really tense waiting down there
He had his own world just like I had mine
We'll go separate ways till the next time
There are no words to say
(There are no words to say)
As my friend swims away
(As my friend swims away)
Captain Nemo said, "Okay"
(Five, four, three, two, one)
Then I raised my hand and waved
Captain Nemo went away
(Love me when I'm gone)
Left me all alone, Nemo's going home
And as I watched him, police boats approached
An alien force haunting us like ghosts
Wish I could stay here and play for a while
But I must be on my way the warmest of smiles
Then he dived into waves
Among the other whales
Captain Nemo said, "Okay"
(Five, four, three, two, one)
Then I raised my hand and waved
Captain Nemo went away
(Love me when I'm gone)
Left me all alone, Nemo's going home
Captain Nemo said, "Okay"
(Five, four, three, two, one)
Then I raised my hand and waved
Captain Nemo went away
(Love me when I'm gone)
Left me all alone, Nemo's going home
Captain Nemo said, "Okay"
(Five, four, three, two, one)
Then I raised my hand and waved
Captain Nemo went away
(Love me when I'm gone)
Left me all alone, Nemo's going home
Captain Nemo said, "Okay"
(Five, four, three, two, one)
Then I raised my hand and waved
Captain Nemo went away
(Love me when I'm gone)
Left me all alone, Nemo's going home
