

# Unfair

[Josh Kelley](#)

You find it hard to sleep 'cause when you close your eyes  
You still got her picture hanging on your mind  
You wish you didn't need what you just can't have  
But there ain't nothing you can do There's not a second that you don't think about her  
But she don't even think one single thought of you Why does love got to be so unfair?  
Making your heart see something that's just not there  
Why does love got to be so unkind?  
Making you hurt so bad, no, it's just not right  
Why does love got to be so unfair?  
Oh, why does love got to be so unfair, baby? It's such a sad affair when you give your heart  
And the one you give it to just goes and tears it all apart  
You wish you didn't care, didn't care at all  
But all you do is care too much It's not a single night you don't dream about her  
When you're the very last thing she'll be dreaming of Why does love got to be so unfair?  
Making your heart see something that's just not there  
Why does love got to be so unkind?  
Making you hurt so bad, no, it's just not right  
Why does love got to be so unfair? Oh, it's a sad fact, it's the cold hard truth  
Sometimes you're gonna learn that love is cruel  
Sometimes you're gonna find out  
Gonna find the one you love just don't love you, oh Why does love got to be so unfair?  
Making your heart see something that's just not there  
Why does love got to be so unkind?  
Making you hurt so bad, no, it's just not right  
Why does love, oh, why does love got to be so unfair? Why does love got to be so unfair?  
Making your heart see something that's just not there  
Why does love got to be so unkind?  
Making you hurt so bad, no, it's just not right  
Why does love got to be so unfair?
