

# Pass It On

## Steppenwolf

What your hands do, it's your eyes that see  
So want to judge your actions to make sure  
there is only one to the screen. It's your conscience that is gonna remind you  
there is your heart and nobody else's  
that there is gonna judge. Be not selfish, in your doing  
pass it on  
Help your brother it is need  
pass it on  
Look for yourself  
You live in vain, live for others  
you'll live again  
In the kingdom of child patch a rain  
pass it on, pass it on, pass it on What's in the darkness, must be  
revealed to light  
we're not here to judge what's  
good from bad  
but do the things that are right  
On a hot sunny day you'll follow the  
shadows for rescue  
but as the day grows old  
I know the sun will find you Be not selfish, in your doing  
pass it on  
Help your brother it is need  
pass it on  
Look for yourself  
and if you live in vain, live for others  
you'll live again  
In the kingdom of Jah, pleasure reign  
pass it on, pass it on, pass it on [ solo ] Be not selfish, in your doing  
pass it on  
Help your brother it is need  
pass it on  
Look for yourself  
you live in vain, live for others  
you'll live again  
In the kingdom of Jah, pleasure reign  
pass it on, pass it on, pass it on  
pass it on, pass it on, pass it on  
pass it on, pass it on, pass it on pass it on...

pass it on...  
pass it on...  
pass it on...  
pass it on...  
pass it on...
