Young and Foolish

Johnny Mathis

Folks say I'm naturally kind
I'd like to think that they're right
They say I'm kind but in their minds
They're really laughing at meI'll lend a hand to any man
And if that's wrong then you canCall me foolish, foolish, foolish, foolish am I
That's what they call me
Foolish, foolish, foolish, foolish am IThey say that I'm out of my mind
I let the world walk on me
Good friends of mine say that I'm blind
They take advantage of meIs it a crime just to be kind?
And if that's wrong then you canCall me foolish, foolish, foolish, foolish am I
That's what they call me
Foolish, foolish, foolish, foolish am ICall me foolish, foolish, foolish, foolish am I
That's what they call me
Foolish, oh, foolish, so foolish, foolish am IEveryone calls me foolish, foolish, foolish
So foolish am I
That's what they call me foolish, foolish
