

# The Spark

## Pokey LaFarge

Well, I was laying in the dark  
When I felt a spark, suddenly come over me  
As the feeling got stronger  
I could no longer, get myself back to sleep  
The melody was flowing, and the rhythm started growing  
I, guess it had to be from my soul  
Cause if it feels right, itâ€™s like love at first sight  
When it hits you, then you know

Itâ€™s the spark, when you get it, you know you got it  
Itâ€™s the spark, when you donâ€™t know you want it  
Yes, you know you gotta have the spark

I started buzzinâ€™ like a phone  
Rattling my bones, and shaking dust off my wings  
I set my eyes towards the sky, as the sun started to rise  
I was so high, I thought I could fly  
And I just might dare, but my baby might care  
Disturbing her at such a time  
Iâ€™ll keep it close to the vest till I can get it off my chest  
And sing it with a friend of mine

Yes, you know you gotta have the spark  
Mmm, you know you gotta have the spark
