

Cryin' Out Loud

Astronaut

So she slips away,
you're in your own space again.

All your dreams in reach
don't miss the stars you meant to catch

Don't you cry out loud
Don't you cry out loud

She grabs the kitchen knife,
you grab your old space by the door.

Screaming through her teeth,
should you hit the ceiling or the floor?

Don't you cry out loud
Don't you cry out loud

Didn't you have something left to say?
Didn't you have something left to say?

Don't you cry out loud
Don't you cry out loud
Don't you cry out loud.
