

# Why Is Love So Hard To Find?

Jesse McCartney

Everyday I look around  
Seems that no one's ever satisfied  
Oh, oh, could it be that underneath  
We've all got somethin' to hide?  
I don't know From the moment we arrive  
We want to fill the space inside  
We all need to feel alive If it's love that keeps us breathin'  
Gives us somethin' to believe in  
Is it fear that makes us blind?  
Tell me why is love so hard to find? If we hear so much about it  
And we can't go on without it  
Let the mystery unwind  
Tell me, why is love so hard to find? All I know is when you find it  
Even earth can feel like you're in heaven  
Oh, oh, tell me know, unlock the secret  
Help us all to find the hidden treasure Oh, from the moment we arrive  
We want to fill the space inside  
We all need to feel alive If it's love that keeps us breathin'  
Gives us somethin' to believe in  
Is it fear that makes us blind?  
Tell me, why is love so hard to find? If we hear so much about it  
And we can't go on without it  
Let the mystery unwind  
Tell me, why is love so hard to find? Why is love so hard to find?  
Tell me, why is love so hard to find?  
Why is love so hard to find?  
Tell me, why is love so hard to find? Don't you know I'm never gonna give up till I find the love?  
I'll be searchin' the whole world over to find my love  
Hmm yeah, yeah  
Why is love so hard to find? If it's love that keeps us breathin'  
Gives us somethin' to believe in  
Is it fear that makes us blind?  
Tell me, why is love so hard to find? If we hear so much about it  
And we can't go on without it  
Let the mystery unwind  
Now, why is love so hard to find? If it's love that keeps us breathin'  
Gives us somethin' to believe in  
Is it fear that makes us blind?  
Tell me, why is love so hard to find? If we hear so much about it

And we can't go on without it  
Let the mystery unwind  
Tell me, why is love so hard to find? Why is it so hard?  
Why, why is love?
